

Wednesday Walk – Baroona Road Private Property – 23 April 2014

The property runs off Baroona Road, south of Michelago, NSW, and has Murrumbidgee River frontage. The dominant tree species was *Eucalyptus melliodora* with some *E. dives* and *E. bridgesiana*. The understory was fairly sparse with many grasses, including *Cymbopogon refractus*, also *Chrysocephalum apiculatum*, *C. semipapposum*, *Vittadinia muelleri*, *V. cuneata*, *Glycine tabacina* (some flowering), *Desmodium varians*, *Convolvulus angustissimus*, the interesting *Ophioglossum lusitanicum* and many other little things. The scattered shrubs were *Cryptandra amara*, *Lissanthe strigosa*, *Bursaria spinosa*, *Mirbelia oxylobioides*, a few *Hibbertia obtusifolia*, *Brachyloma daphnoides*, *Kunzea ericoides*, *Dodonaea viscosa* ssp. *angustissima*, *Bossiaea buxifolia* and some *Callitris endlicheri*. Some other interesting plants were *Calotis lappulaceae* (flowering), *Callistemon sieberi* (also flowering), *Opercularia hispida*, *Dianella longifolia*, *Pellaea falcata*, *Desmodium brachypodum*, *Leptospermum obovatum* and lots of *Clematis leptophylla*. Some of us were excited to find a good patch of, we think, *Pomaderris prunifolia* - the first time we have recorded it. Most made it down to the river for lunch while others stayed higher up with a fantastic view of long stretches of the river.

For the photos below: GRK = Gail Ritchie-Knight, JG = Jean Geue, RF = Roger Farrow

Eucalyptus bridgesiana JG

Callitris endlicheri JG

Ophioglossum lusitanicum RF

Cheilanthes austrotenuifolia
JG

Callistemon sieberi RF

Murrumbidgee River GRK

Pomaderris ? prunifolia RF

Glycine tabacina RF

Dodonaea viscosa ssp. *angustissima* RF

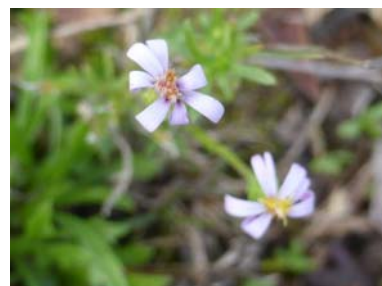

Wahlenbergia sp. RF

Bursaria spinosa fruit JG

Cymbopogon refractus JG

Vittadinia muelleri RF

Plant List for Baroona Road Private Property – 23 April 2014

? indicates that those present were unsure of the plant name

Acacia dealbata	Desmodium varians
Acacia rubida	Dianella longifolia
Acaena ovina	Dianella revoluta
Acrotriche serrulata	Dichelachne micrantha
Ajuga australis	Dichondra repens
Anthosachne scabra (formerly Elymus scaber)	Dodonaea viscosa ssp. angustissima
Aristida ramosa	Einadia nutans
Arthropodium minus	Enneapogon nigricans
Asperula conferta	Eucalyptus bridgesiana
Asplenium flabellifolium	Eucalyptus dives
Austrostipa bigeniculata	Eucalyptus melliodora
Austrostipa scabra ssp. falcata	Euphorbia drummondii
Bossiaea buxifolia	Galium gaudichaudii
Bothriochloa macra	Geranium sp.
Brachychiton populneus	Glycine clandestina
Brachyloma daphnoides	Glycine tabacina
Bursaria spinosa	Gonocarpus tetragynus
Callistemon sieberi	Goodenia pinnatifida
Callitris endlicheri	Haloragis heterophylla
Calotis lappulacea	Hibbertia obtusifolia
Carex appressa	Hydrocotyle laxiflora
Carex breviculmis	Indigofera australis
Cassinia longifolia	Juncus sp.
Cassinia quinquefaria	Kunzea ericoides
Cheilanthes ? distans	Leptorhynchus squamatus
Cheilanthes austrotenuifolia	Leptospermum obovatum
Chloris truncata	Lissanthe strigosa
Chrysocephalum apiculatum	Lomandra filiformis ssp. coriacea
Chrysocephalum semipapposum	Lomandra filiformis ssp. filiformis
Clematis leptophylla	Lomandra longifolia
Convolvulus erubescens	Lomandra multiflora
Cryptandra amara	Luzula densiflora
Cymbonotus lawsonianus	Melichrus urceolatus
Cymbopogon refractus	Microlaena stipoides
Daucus glochidiatus	Mirbelia oxylobioides
Desmodium brachypodum	Opercularia hispida

Ophioglossum lusitanicum
Panicum effusum
Pellaea falcata
Poa labillardierei
Poa sieberiana
Pomaderris ? prunifolia
Rumex brownii
Rytidosperma pilosum
Schoenus apogon
Senecio quadridentatus
Solanum linearifolium
Solenogyne dominii
Stackhousia monogyna
Stellaria pungens
Themeda triandra
Tricoryne elatior
Tripogon loliiformis
Triptilodiscus pygmaeus
Viola betonicifolia
Vittadinia cuneata
Vittadinia muelleri
Wahlenbergia communis
Wahlenbergia sp.
Wahlenbergia stricta
Wurmbea dioica
