

Wednesday Walk – Corn Trail from Old Access Point on Kings Highway – 19 February 2014

The walk was the old start to the Corn Trail which is from the Kings Highway, opposite the large pull-in prior to descending Clyde Mountain. The dominant plant along the trail is the Coral fern (*Gleichenia* spp.) which smothers most ground cover plants. In flower were *Baeckia linifolia*, *Epacris impressa*, *Goodenia bellidifolia*, *Mitrasacme polymorpha*, *Persoonia mollis*, *Pimelea linifolia*, *Platysace lanceolata*. We recorded some new species. In flower were *Gratiola peruviana*, *Leptomeria acida* (abundant), *Leptospermum polygalifolium* and *Mitrasacme serpyllifolia* (very tiny); others were *Acacia melanoxylon*, *Eucalyptus radiata* and *Exocarpus strictus*. We didn't make it back to the cars before the usual deluge every time we visit!

Walkers on Corn Trail JG

Banksia paludosa JG

Epacris impressa JG

Tasmanian lanceolata fruit JG

Leptomeria drupacea RF

Persoonia mollis RF

Leptospermum lanigerum JG

Leptospermum polygalifolium RF

Leptospermum polygalifolium RF

Mitrasacme polymorpha RF

Mitrasacme serpyllifolia RF

Baeckea linifolia RF

Platysace lanceolata RF

Pimelea linifolia RF

Pomaderris discolor buds RF

Banksia spinulosa JG

Xanthorrhoea concava RF

Xanthorrhoea concava RF

Wet return RF

Plant List for Corn Trail – Old Access Point on Kings Highway – 19 February 2014

? indicates that those present were unsure of the plant name

Acacia melanoxylon
Acacia obtusifolia
Acacia suaveolens
Acacia terminalis
Acacia trachyphloia
Allocasuarina nana
Amperea xiphoclada
Aotus ericoides
Austrodanthonia sp.
Baeckea linifolia
Banksia paludosa
Banksia spinulosa
Blechnum cartilagineum
Cassytha sp.
Caustis flexuosa
Ceratopetalum gummiiferum
Clematis aristata
Comesperma ericinum
Daviesia ulicifolia
Dianella tasmanica
Epacris impressa
Eucalyptus radiata
Eucalyptus sieberi
Exocarpos strictus
Gahnia sp.
Gleichenia dicarpa

Gleichenia rupestris
Gonocarpus micranthus
Gonocarpus teucrioides
Goodenia bellidifolia
Gratiola peruviana
Hakea laevipes
Hypericum japonicum
Isolepis sp.
Juncus filiformis
Juncus sp.
Leptomeria drupacea
Leptospermum lanigerum
Leptospermum polygalifolium ssp. *polygalifolium*
Leucopogon lanceolatus
Lomandra filiformis
Lomandra glauca
Lomandra longifolia
Luzula sp.
Lycopodium deuterodensum
Microlaena stipoides
Mitrasacme polymorpha
Mitrasacme serpyllifolia
Monotoca elliptica
Monotoca scoparia
Olearia sp.
Patersonia sp.

Persoonia mollis
Petrophile sessilis
Pimelea linifolia
Platysace lanceolata
Podolobium ilicifolium
Polyscias sambucifolia
Pomaderris discolor
Pteridium esculentum
Pultenaea altissima
Schoenus melanostachys

Sporobolus sp.
Stylidium armeria
Stylidium laricifolium
Tasmania lanceolata
Telopea sp.
Tetratheca thymifolia
Xanthorrhoea australis
Xanthorrhoea concava
Xanthosia pilosa
