

Wednesday Walk in the Mongarlowe Area – 4 March 2015

Mongarlowe is a small township east of Braidwood. The cemetery has a surprising number of native species in it including the rare orchid – *Corunastylis oligantha*, the Mongarlowe Midge Orchid. We saw a number of orchids species - *Eriochilus cucullatus*, several *Corunastylis* species, *Diplodium truncatum*, *Speculantha* sp. and *Spiranthes australis*. Other plants of interest were - flowering - *Mirbelia platylobioides*, *Solenogyne gunnii*, *Boronia nana* var. *hyssopifolia*, *Helichrysum rutidolepis*, *Epacris microphylla*, *Chrysocephalum apiculatum*, *Comesperma ericinum*, *Monotoca scoparia*, *Poranthera microphylla*, *Lobelia pedunculata* and *Goodenia hederacea*. In addition, but not flowering were *Lomatia ilicifolia*, *Patersonia sericea*, *Persoonia chamaepeuce*, *Gompholobium minus*, *Leptospermum obovatum* and *Euphrasia collina*. We then moved on to a roadside stop on Charley's Forest Rd, just out of the town of Mongarlowe where some more *corunastylis* were found and some other flowers - *Goodenia bellidifolia*, *Coronidium oxylepis* ssp. *lanatum*, *Rhytidosporum procumbens*, *Wahlenbergia multicaulis* - also *Hakea laevipes*, *Allocasuarina nana*, *Kunzea parvifolia*, *Dampiera stricta*, *Isopogon prostratus*, *Acacia trachyphloia*. We decided to go down Half Moon Creek Road to have lunch and look at the roadside and were pleased that we did. The vegetation was very much *Allocasuarina nana* heath and a bit impenetrable. However, a scout found *Pomaderris pauciflora* - several plants. We have only seen this before on our Mulloon Creek trips where there is one plant near Bombay Reserve. Other new species found for the day were *Patersonia longifolia*, *Mitrasacme polymorpha* (flowering), *Chloanthes parviflora*, *Cryptandra amara* var. *floribunda* (in bud), *Allocasuarina littoralis*, *Caesia parviflora* (flowering), *Comesperma sphaerocarpum* (flowering), *Eucalyptus sieberi*, *Banksia spinulosa* (flowering), *Leionema diosmeum*, *Persoonia mollis*, *Gleichenia dicarpa* to name a few. **For the images: MB = Martin Butterfield, RF = Roger Farrow, GRK = Gail Ritchie Knight**

Snappers at Mongarlowe Cemetery
GRK

Eriochilus cucullatus MB

Speculantha sp. MB

Chiloglottis reflexa RF

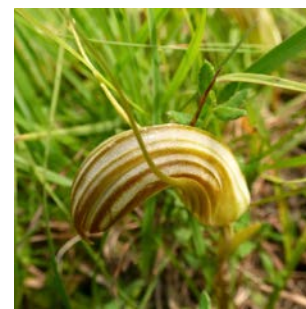

Corunastylis ostrina RF

Corunastylis oligantha MB

Corunastylis apostasioides
RF

Diplodium truncatum MB

Comesperma ericinum RF

Comesperma sphaerocarpum GRK

Patersonia sericea MB

Half Moon Creek Road GRK

Allocasuarina littoralis (female) GRK

Gompholobium minus RF

Pomaderris pauciflora RF

Mirbelia platylobioides RF

Goodenia bellidifolia RF

Amperea xiphoclada MB

Plant List for Mongarlowe Cemetery, Roadside and Half Moon Creek Roadside – 4 March 2015

Mongarlowe Cemetery

Acacia gunnii
Acrotriche serrulata
Aristida ramosa
Astrotricha ledifolia
Boronia nana var. *hyssopifolia*
Brachyloma daphnoides
Bursaria lasiophylla
Chiloglottis reflexa
Chrysocephalum apiculatum
Comesperma ericinum
Corunastylis oligantha
Corunastylis ostrina
Daviesia mimosoides
Dianella revoluta
Diplodium truncatum
Epacris microphylla
Eriochilus cucullatus
Eriochilus cucullatus
Eucalyptus pauciflora
Euchiton sp.
Euphrasia collina
Gompholobium minus
Gonocarpus tetragynus
Goodenia hederacea
Helichrysum rutidolepis
Hemarthria uncinatum
Hovea heterophylla
Hypericum gramineum
Leptospermum obovatum
Lobelia pedunculata
Lomandra filiformis
Lomandra longifolia
Lomatia ilicifolia
Melichrus urceolatus
Microlaena stipoides
Microtis sp.
Mirbelia platylobioides
Monotoca scoparia
Patersonia sericea
Persoonia chamaepeuce

Pimelea glauca
Poa sp.
Poranthera microphylla
Rytidosperma laeve
Rytidosperma sp.
Solenogyne gunnii
Speculantha sp.
Spiranthes australis
Stylidium graminifolium
Tetratheca sp.
Themeda triandra
Veronica sp.
Viola hederacea

Charley's Forest Road near Mongarlowe

Acacia trachyphloia
Allocasuarina nana
Amperea xiphoclada
Aristida ramosa
Austrostipa sp.
Boronia nana var. *hyssopifolia*
Bursaria spinosa
Comesperma ericinum
Coronidium oxyantha ssp. *lanatum*
Corunastylis apostasioides
Dampiera stricta
Daviesia mimosoides
Dipodium sp.
Eriochilus cucullatus
Eucalyptus pauciflora
Eucalyptus dives
Gompholobium minus
Goodenia bellidifolia
Hakea laevipes
Helichrysum rutidolepis
Hovea heterophylla
Hypericum gramineum
Isopogon prostratus
Kunzea parvifolia
Leptospermum obovatum
Lomandra longifolia

Lomandra multiflora
Lomatia ilicifolia
Lomatia myricoides
Melichrus urceolatus
Mirbelia platylobioides
Patersonia sericea
Persoonia chamaepeuce
Pimelea glauca
Poranthera microphylla
Pultenaea subspicata
Rhytidosporum procumbens
Schoenus apogon
Stackhousia monogyna
Stylidium graminifolium
Themeda triandra
Viola sp.
Wahlenbergia multicaulis

Half Moon Creek Road

Acacia brownii
Acacia trachyphloia
Allocasuarina littoralis
Allocasuarina nana
Amperea xiphoclada
Astrotricha ledifolia
Banksia spinulosa
Brachyloma daphnoides
Caesia parviflora
Cassytha sp.
Chloanthes parviflora
Comesperma ericinum
Comesperma sphaerocarpum
Corunastylis apostasioides
Cryptandra amara var. floribunda
Dampiera stricta
Daviesia mimosoides
Enneapogon nigricans
Entolasia stricta
Eriochilus cucullatus

Eucalyptus mannifera
Eucalyptus pauciflora
Eucalyptus sieberi
Gleichenia dicarpa
Gonocarpus tetragynus
Goodenia bellidifolia
Goodenia hederacea
Hakea laevipes
Isopogon prostratus
Kunzea parvifolia
Leionema diosmeum
Lepidosperma laterale
Leptospermum continentale
Leptospermum obovatum
Lindsaea linearis
Lomandra glauca
Lomandra multiflora
Lomatia ilicifolia
Lomatia myricoides
Microlaena stipoides
Mirbelia platylobioides
Mitrasacme polymorpha
Monotoca scoparia
Patersonia longifolia
Patersonia sericea
Persoonia chamaepeuce
Persoonia mollis ssp. leptophylla ?
Pimelea glauca
Pomaderris pauciflora
Poranthera microphylla
Prostanthera lasianthos
Pteridium esculentum
Rhytidosporum procumbens
Speculantha sp.
Stylidium graminifolium
Viola sp.
Xanthorrhoea concava
