

Wednesday Walk from Point Hut Crossing, north – 29 July 2009

The walk was along the Murrumbidgee Corridor from the Point Hut picnic area, north towards Pine Island. We got to the same spot where we had lunch on our earlier walk from Pine Island, south. There were a lot of weeds initially and evidence of new plantings. We saw good displays of *Leucopogon attenuatus* and *Grevillea lanigera*. The rocky outcrops on either side of the track were very species rich. One outcrop had lots of *Derwentia perfoliata* and *Clematis microphylla* in full bud. *Cryptandra propinqua* and *C. amara* var. *longiflora* were also in bud as was *Phebalium squamulosum* ssp. *ozothamnoides*. We saw many *Hakea microcarpa* with freshly opened fruit. Again, we saw the 2 sub-species of *Dodoanea viscosa* - *spatulata* and *angustissima*. An interesting find in a rocky outcrop at the lunch spot was *Asperula ambleia* – a plant we hardly ever see. All images by Ros Cornish.

Murrumbidgee River

Walking track edged with *Kunzea ericoides*

Leucopogon attenuatus

Grevillea lanigera

Regenerating *Callitris endlicheri*

Hakea microcarpa fruit

Plant List for the Walk from Point Hut Crossing, north – 29 July 2009

? indicates that those present were unsure of the plant name

Acacia dealbata
Acacia rubida
Acaena ovina
Asperula ambleia
Bertya rosmarinifolia
Bulbine bulbosa
Bursaria spinosa
Callistemon sieberi
Callitris endlicheri
Calytrix tetragona
Carex appressa
Cassinia longifolia
Cassinia quinquefaria
Casuarina cunninghamiana
Cheilanthes austrotenuifolia
Chrysocephalum apiculatum
Clematis microphylla
Correa reflexa
Crassula sp.
Cryptandra amara var. longiflora
Cryptandra propinqua
Daviesia mimosoides
Derwentia perfoliata
Dianella revoluta
Discaria pubescens
Dodonaea viscosa ssp. angustissima
Dodonaea viscosa ssp. spatulata
Eucalyptus bridgesiana
Eucalyptus melliodora
Eucalyptus viminalis (?planted)
Galium gaudichaudii
Geranium ? retrorsum
Geranium solanderi
Gonocarpus tetragynus
Grevillea juniperina
Grevillea lanigera
Gynatrix pulchella
Hakea microcarpa
Hydrocotyle laxiflora
Kunzea ericoides
Leptorhynchos squamatus
Leptospermum obovatum
Leucopogon attenuatus
Lissanthe strigosa
Lomandra filiformis ssp. filiformis
Lomandra longifolia
Lomandra multiflora
Phebalium squamulosum ssp. ozothamnoides
Phragmites australis
Persicaria prostrata
Pimelea curviflora
Pimelea glauca
Plantago varia
Poa labillardieri
Pomaderris angustifolia
Rubus parvifolius
Scleranthus diander
Senecio quadridentatus
Solenogyne dominii
Stackhousia monogyna
Stellaria pungens
Themeda triandra
Triptilodiscus pygmaeus
Vittadinia muelleri
