

Wednesday Walk on Urambi Hills – 19 August 2015

Urambi Hills is part of Canberra Nature Park and is in the suburb of Kambah. This was only our second visit, starting from an entry point on Meredith Circuit. We did the steep climb to the trig point for great views then gradually made our way back along the western side. There was not a lot flowering but the interesting pea – *Dillwynia* sp. Yetholme – was flowering in a number of locations. Some extra species were added to our list - *Astroloma humifusum*, *Cheilanthes* sp., *Chrysocephalum semipapposum*, *Daucus glochidiatus*, *Dianella revoluta*, *Drosera* sp. and *Hibbertia obtusifolia*. For the images below FM = Fran Middleton, HB = Helen Brewer, JC = Janelle Chalker, JG = Jean Geue.

Dillwynia sp. Yetholme HB

Dillwynia sp. Yetholme FM

Indigofera adesmiifolia FM

Drosera sp. JG

Cymbonotus lawsonianus JG

Eucalyptus pauciflora JG

Plant List for Walk on Urambi Hills – 19 August 2015

? indicates that those present were unsure of the plant name

Acacia dealbata
Acacia implexa
Acacia rubida
Acaena sp.
Acrotriche serrulata
Allocasuarina verticillata
Amyema miquelii
Anthosachne scaber
Aristida ramosa

Astroloma humifusum
Bothriochloa macra
Brachychiton populneus
Bulbine bulbosa
Bursaria spinosa
Cassinia quinquefaria
Cheilanthes austrotenuifolia
Chrysocephalum apiculatum
Chrysocephalum semipapposum

Cymbonotus lawsonianus
Daucus glochidiatus
Dianella revoluta
Dillwynia sp. Yetholme
Drosera sp.
Einadia nutans
Eucalyptus blakelyi
Eucalyptus bridgesiana
Eucalyptus melliodora
Eucalyptus polyanthemus
Geranium sp.
Glycine clandestina
Gonocarpus tetragynus
Hardenbergia violacea
Hibbertia obtusifolia
Hovea heterophylla
Hydrocotyle laxiflora
Indigofera adesmiifolia
Juncus sp.
Kunzea parvifolia
Lepidosperma laterale
Leptorhynchos squamatus
Lomandra filiformis ssp. filiformis
Lomandra multiflora
Luzula densiflora
Melichrus urceolatus
Microlaena stipoides
Panicum effusum
Pellaea falcata
Poa sp.
Pomaderris angustifolia
Pteridium esculentum
Rubus parvifolius
Senecio sp.
Solanum cinereum
Themeda triandra
Vittadinia muelleri
Wahlenbergia sp.
Xerochrysum viscosum
